

**Aashwasan**  
TRANSFORMING LIVES™

**AASHWASAN  
AWARENESS PROGRAM  
FOR  
PARENTS OF CHILDREN  
WITH CEREBRAL PALSY**

**3<sup>RD</sup> SEP 2014**

*Parents of sons and daughters having cerebral palsy attended the program to understand if Aashwasan could offer possibilities and hope. Struggling with the condition their children have on a daily basis for decades parents had given up. As Vidya shared her son's journey and transformation after taking Aashwasan services they started to revisit their dreams for their children as well. With a glimmer of hope, frowns turned into smiles and parents wanted to know if that would be possible for their children as well. When explained that it was a scientific methodology and was available to everyone, parents started looking forward to a possibility of a better future for their children. Many stayed back to interact and understand more.*
