We are delighted and proud to announce that Aashwasan Foundation has been awarded the prestigious Mahatma Award 2021 in the category "Inventions that Maximize Human Potential". On the occasion of the 152nd birth anniversary of Mahatma Gandhi, Aashwasan Foundation was honoured with the award at the award ceremony hosted by the Liveweek group on Oct 1, 2021, at India International Centre, New Delhi.

Liveweek is a social impact space that connects specialists and industry leaders to create a more significant impact around the globe. It is a New York and India based institution established with a mission to help organizations align the goals to the sustainable development plans of the United Nations. Mahatma Award recognizes impact leaders and change-makers across the globe who are making a social impact and leading the way to a sustainable future.

We feel honoured that Aashwasan Foundation has been acknowledged for 3 consecutive years - 2019, 2020 and 2021 for its innovative and path-breaking solutions to better human living and its contribution towards sustainable development goals as established by the United Nations.

Aashwasan lays a path for a journey of homecoming. It is a space that has an answer beyond religion, belief, faith, logic and philosophy - it is an experience. It is a revolution that is here to make this world a place of love and hope.
